“ Very sorry to hear of Bob’s passing. He was an outstanding investigator and assisted me greatly in my career in law enforcement. His influence steered me into pursuing a path in financial crime investigation in the latter years of my police career, which has carried over to my current occupation in the private sector. Bob was always able and willing to assist with guidance and knowledge in any case I brought to him. The law enforcement community took a big loss when he retired and now the world is feeling that same loss with his passing on. My condolences to all of his family and friends.

“ Bob was a great friend and mentor. We worked closely at the district attorney's office and Bob became a true and trusted friend. I will always be influenced by Bob's work ethics and his loving defecation to family. Cathy and I will have Bob / Cindy & Family in our thoughts and prayers. Bob and I shared a lasting friendship and a couple of "brewski's" along the path of life. RIP , my friend.
